## Helpdesk

Be sure to check the forum at [www.trapple.nl/forum](http://www.trapple.nl/forum) <sup>[1]</sup> for an answer first. If required, use this form to dump your questions on Macs and iDevices on our desks.

For now, all aviation related readers may use our free service. If this results in a lot of spam we'll have to narrow it down to only registered users. Registering is free, by the way, and will brighten up your life once a month with a free and geeky newsletter, filled with tips, tricks and other nonsense for Mac loving aviators.

Sign-up here, it's free: [www.trapple.nl/user](http://www.trapple.nl/user) <sup>[2]</sup>
